

GYPSEA TAILS

DOG SOCIALISATION INFORMATION

WELL HELLO THERE...

I'm Taz the owner of Gypsea Tails

We can only work with Dogs who show no aggressive traits.

Proper socialisation helps Dogs grow up into confident Dogs.

Thank you so much for connecting with us & choosing us to care for your Dogs.

You are in the right place.

You are here because you have a Dog that needs to be socialised with other Dogs or to be socialised with kids.

We can help you IF;

Your Dog is shy & is in desperate need of more friends.

Your Dog needs support & reassurance around other Dogs & Kids.

Your Dog is kind, but has never been socialised.

Your Dog has some social skills, but just needs guidance how to behave around other Dogs & kids

BUT

Please note we can NOT help you if your Dog is Dog aggressive towards other Dogs or children. This is above our area of expertise & given the nature of this business we can't welcome aggressive Dogs into our home.

Please consult a professional.

Why Socialising your Dog *is absolutely necessary*

Socialising teaches your Dog how to react to the world around it in a healthy way, without unnecessary fear or aggression.

Social playtime helps your Dog develop good manners. You may laugh at this but no-one wants to hang out with you & your Dog if they are hard work. Trust me I know.

A well socialised Dog is so important. Dogs who lack early socialisation might be reactive towards other dogs, or fearful around unfamiliar people (especially kids).

That being said, some dogs just might not like other dogs or people. This might be just who they are when they become an adult. We don't always like everyone we meet, so we shouldn't expect our Dogs to like every dog or person they meet. This is why pairing them with the right Dogs/ Adventure groups is vital.

If you give your Dogs the time & energy they deserve, you can help them develop the social skills to be around other Dogs & people.

It can also help to teach them how to behave around younger members of the family (kids).

Properly socialising your dog around children, & teaching your child how to treat their pet, is non negotiable. I cant stress this enough.

Research will say that you need to socialise your Dog before 16 weeks... Which I think is ridiculous. But hey I'm not the "Professional".

I believe, It's never to late to teach an old Dog new tricks. But bear in mind some Dogs will jump at the opportunity to be socialised & make new friends, and others will need a bit mmore time & guidance. Rome wasn't built in a day.

Dog Socialisation Info

Dog Socialisation prices will vary depending on a variety of factors.

Age of the dog

Your dog's age will also determine how much Dog training costs. Puppy socialisation costs are cheaper than adult dog socialisation since it is easier to teach new habits. My prices don't vary.

However you will most likely have to book in more sessions to get to where you want them to be.

Type of Socialisation

Are you looking into private Dog Socialisation or group socialisations? The type of training you enrol your Dog into will also affect the overall costs. The price could still go higher or lower, whether you want a single session or multiple sessions.

Training location

It depends on where we are picking up your Dog & dropping them off. If you are based in Margaret River/ Busselton area a travel fee of \$10 (per session) will be added to your cost of training.

Sessions

Enrolling your Dog in three to ten sessions is recommended to help us help socialise your Dog successfully. It all depends on how much socialisation they need. Every Dog is different.

Please note:

Surcharges will apply for bookings made during school holidays.

Taking care of our dogs goes beyond feeding and grooming them.

Ready to book?

YAY.

We are so excited you picked us to help socialise your Dog, so taking them out is less stressful & more fun.

Please send us an email to: hello@gypseatails.com with the service you would like to book.

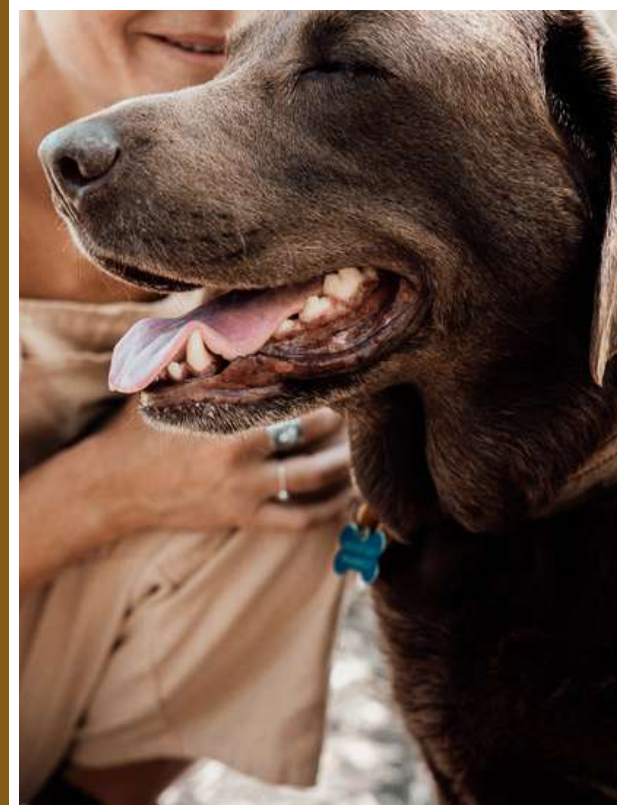

or

Do you need more information before you book in with us? please send us an email & we can find a convenient time to chat about your concerns.

Reminder:

An extra \$10 for travel will be charged per session if you are based in Margaret River.

Surrounding suburbs travel cost may vary.

Exchange

Please deposit the full amount into our account prior to your Dog starting their Socialisation Adventures with us.

We do this so the energy going into us hanging with your Dogs is ONLY about them, not chasing payments. That energy can feel yucky & unnecessary.

We also offer payment plans so please touch base if you would like more information.

Thank you!

Firstly thank you for being here. If you weren't here then we wouldn't be able to do what we love to do. You are a beautiful human.

This business is succeeding because the right people are finding us, which means all these amazing Dogs (your Dogs) get to come hang out with us & make new memories with us. We make sure every moment in our care is filled with love, adventure, security & trust.

We also like to give back to the community.

10% of every Dog service we do goes towards FAWNA, Inc & SAFE.

Lastly,

Dog socialisation takes time.

Your Dogs may have certain behaviours that they have carried their whole lives, and just like us, they need conscious guidance & reminders to stay on track. This is why I encourage you to not give up on their training just because you don't see results after 6 or 10 weeks. We promise we will do our absolute best to socialise them with the time you dedicate towards their growth.
